[1 verse]

I got drive so I'll survive  
In Hollywood where I will  
Thrive.

I'll arrive;  
I'll take a drive into the pool, into the hive.

I won't break  
I'm what it takes,  
I'll make my mark like an earthquake.

Raise the stakes  
I'm wide awake be in your sight, 'til your head aches.

[Chorus]  
Fascination,  
Saturation  
Stars are just like us.

Validation,  
Exploitation  
All cause a big fuss.

POP POP!  
Goes the camera.  
Fifteen minutes of fame.

POP POP!  
Goes the camera.  
Fifteen minutes right now.

POP POP POP POP POP!  
Look at me, Look at me  
In a magazine.

POP POP!  
Goes the camera.  
Fifteen minutes of fame.

[2 verse]

Cross promotion  
Cross the ocean  
I'll make bank off of their devotion.

Drink the potions  
Cause commotions  
Got them feeling strong emotions.

I'll inspire,  
They'll admire,  
Won't turn on me 'cause I got fire.

Fame expires,  
I'll retire but I'll hold on down to the wire.

[Repeat chorus]

[Instrumental]

I've been told each flash  
Steals your soul.

Every celebrity knows fame  
Takes it's toll.

[Repeat chorus last time]
