Last night  
I heard you crying again  
I wanted to hold you  
But my pride was too strong  
Why did I have to hide?  
I know I was wrong

What happened to all the moments we shared?  
When we knew for each other we cared

So let's bring back the love  
That we lost in the wind  
Can the two of us try to start over again  
I pray every night to the heavens above  
Bring back the love

The days are so long  
And the nights are so lonely  
When you're not here with me  
In my dreams, you're all I see  
Only hope it's not too late  
To try starting over

What happened to all the moments we shared?  
When we knew for each other we cared

Can we bring back the love  
That we lost in the wind  
Can the two of us try to start over again  
I pray every night to the heavens above  
Bring back the love

Remember when we built our love  
On nothing but good times baby  
Through thick and thin  
If we hold on to trust  
We'll get there again

Bring back the love  
That we lost in the wind  
Can the two of us try to start over again

I pray every night to the heavens above  
Bring back the love

Bring back the love  
That we lost in the wind  
Can the two of us try to start over again  
I pray every night to the heavens above  
Bring back the love

Bring back the love  
That we lost in the wind  
Can the two of us try to start over again  
I pray every night to the heavens above  
Bring back the love
