She's got a style and a body so fine  
I need to know if she's gonna be mine  
That girl is messing with my head  
I never thought I would see the day  
I never thought I would feel the way  
She's got me turning in my bed

You touched me deep inside  
I really fell for you  
Don't you know  
Oh, deep inside  
Don't throw it away  
You touched me deep inside

There's something that she ought to know  
I'm going to tell her I can't let go  
I'll never let her slip away  
I've never known it to feel so right  
And think about her through the day

Refrain

So deep inside  
I want to be there beside you  
I want to reach out and find you  
You toughed me deep inside  
You've got me girl  
I want to reach out and touch you  
You touched me deep inside  
So deep inside  
You've got a style and a body so fine  
I need to know if you're gonna be mine  
Hey girl, stop messing with my head
