You can tell
By the look on my face
I wanna be with you
You can tell
From the first embrace
I'm never gonna leave you

When I look up to the sky
I see the sun inside your eyes
I want you to know that

Chorus:
I wanna stay with you forever
I'm gonna take it slow
And make it grow
I wanna stay with you forever
Come and take my heart
And never let it go

I'll be there
When you're feeling blue
Every time you need to me
I'll be there
To look after you
Anytime you want me
When I look up to the sky
I see the sun inside your eyes
I want you to know that

Chorus:
Don't you know
You keep me all together
You're the one
That makes me want forever
Take my hand
I'll fly you up above
I'll never stop
I'll never stop loving you
Anything and everything you do
I could never get enough
Of you so
Come and take my heart
And never let it go

Chorus (2x)
