When I think of you it's just the same  
This feeling it could never change Believe me  
It fills me up with joy and happiness  
Though there is only emptiness  
Around me  
In the night  
All I do is run  
Run away  
From all what's in my head, my heart, my soul  
Trying to forget  
So I fight a war so lost  
I just can't win  
But something deep inside tells me  
Hold on, not to give in  
When will you see  
You still belong to me

Chorus:  
Wishing you were here now  
Let your inside outside  
Open your heart and love you'll find  
I'm wishing you were here now  
Trying to find a way out  
Out of this confusion in my mind  
I'm wishing you were here

What's in your mind  
I wanna know

In the streets a million people pass me by  
In every face I see your eyes  
Still shining  
Ooh, I miss your caring warm embrace  
Your tender touch, your kisses taste  
Just crying  
So I fight a war so lost I cannot win  
There's something deep inside tells me  
Hold on, I can't give in.  
When will you see you still belong to me

Chorus

Wishing you were here, to hold me  
Wishing you were here, to touch me  
Wishing you were here with me again  
Wishing you were here, to kiss me  
Wishing you were here, to hold me  
Wishing you were here with me again

you belong to me  
you belong to me

When will you see  
You still belong to me

Wishing you were here, to hold me  
Wishing you were here, to touch me  
Wishing you were here with me again  
Wishing you were here, to kiss me  
Wishing you were here, to hold me  
Wishing you were here with me again  
Wishing you were here, to hold me  
Wishing you were here, to touch me  
Wishing you were here with me again

I'm wishing you were here.  
Wishing you were here,
