Sure do do do do do
Make me wanna fly with you
Sure do do do do do
Bang zoom straight to the moon
Sure do do do do do
Make me wanna fly with you
Sure do do do do do

Zoom just one look and then my heart went boom
Suddenly and we were on the moon
Flying high in a neon sky oh oh

Bang just one touch and all the church bells rang
Heaven called and all the angels sang
Sun rise shines in the midnight sky oh oh

Zoom you chased the day away
High noon the moon and stars came out to play
Then my whole wide world went zoom

Moon beams dancing in the afternoon
Shadows blowing as the roses bloom
Looking down on the wonderland oh oh

Smack just one kiss and I was out of whack
All at once there was no turning back
Oh so far along the brightest star oh oh

Zoom you chased the day away
High noon the moon and stars came out to play
Then my whole wide world went

I touched a rainbow
As we went flying by
Faster and faster
We were higher than high
For once in my lifetime
I was finally free
And you gave that to me

Zoom you chased the day away

High noon the moon and stars came out to play
Zoom you chased the day away
High noon the moon and stars came out to play
Zoom you chased the day away
High noon the moon and stars came out to play
Then my whole wide world went zoom
