Babe, baby, baby  
I ain't try'na nag you  
Just come talk to me, talk to me, to me  
You know we don't get to spend time no more  
I miss you Daddy

I know that life has delt us many cards  
Sometimes I swear he's trying to make it hard  
And I don't want to have to hide me faults  
But he got busy and let down the guards

I need attention, from you  
It's just the little things we do  
Pay attention it's on you  
'Cause I can't help it I just like it when you do

I don't wanna nag and start a fight  
Sometimes you forget and I get tired  
If he was out of sight and out of mind  
So darlin' listen and just make it right

I need attention, from you  
It's just the little things we do  
Pay attention it's on you  
'Cause I can't help it I just like it when you do

You make my heart monsoon baby  
And we could make life through baby  
So take my hand and we'll glide the way

I need attention, from you  
It's just the little things we do  
Pay attention it's on you  
'Cause I can't help it I just like it when you do

Why would you follow now?  
Just look me in my eyes  
Remember what makes me smile, you use to make me  
high  
Let's go way back in time, come baby lay me down

I need attention, from you

It's just the little things we do  
Pay attention it's on you  
'Cause I can't help it I just like it when you do

I need attention, from you  
It's just the little things we do  
Pay attention it's on you  
'Cause I can't help it I just like it when you do
