I can't believe that every day and every night  
These people better leave you out of my life  
It's like a fantasy setting out, now I'm feeling  
good

No way to stop it, now you wish that you could  
When the waking comes I know I feel alive  
You will be the last thing on my mind  
No regrets, do you know what that means

If how, if now, if when  
We're down to this track  
And I don't care what anybody thinks about that  
Hands to the sky, and throw your head back

I can love again tonight  
We're down to this track  
And I don't care what anybody thinks about that  
Hands to the sky, and throw your head back

Bounce, bounce, bounce  
If how, if now, if when  
We're down to this track  
And I don't care what anybody thinks about that  
I don't care what anybody thinks about that
