Oh baby you're the finest
The finest I've seen

Oh baby you're the finest
The finest I've seen

Oh baby you're the finest
The finest I've seen

Oh baby you're the finest
The finest I've seen

If I had a choice, I'd always choose love
Up or down, good or bad
I don't mind just as long as it's real
My friends say I'm lucky
To have found someone as good as you
My luck's understanding
Understanding how to hold on to you

After all that we've been through
Time won't change the way I feel about you
Out of all the loves before
You're the finest I've ever known
Finest I've ever

After all that we've been through (we've been through)
Time won't change the way I feel about you
Out of all the loves before
You're the finest I've ever known
Finest I've ever known

Baby, you're the finest
I've never met nobody like you
You can call me
I'll come running
Just call me

If I had to choose, I'd be by myself
I wanna be in love
But with nobody else
Time flies when you're with me

Goes so slow whenever you're away
Made up my mind and I'm positive
A better love will never come my way

After all that we've been through (we've been through)
Time won't change the way I feel about you
Out of all the loves before
You're the finest I've ever known
Finest I've ever

After all that we've been through (we've been through)
Time won't change the way I feel about you
Out of all the loves before (loves before)
You're the finest I've ever known
Finest I've ever known

Oh baby you're the finest
The finest I've seen

Oh baby you're the finest
The finest I've seen

Oh baby you're the finest
The finest I've seen

Oh baby you're the finest
Oh baby you're the finest

After all that we've been through (we've been through)
Time won't change the way I feel about you
Out of all the loves before (loves before)
You're the finest I've ever known
Finest I've ever

After all that we've been through (we've been through)
Time won't change the way I feel about you
Out of all the loves before (loves before)
You're the finest I've ever known
Finest I've ever known

(Baby)
Finest I've ever known
(You're the finest)
Finest I've ever known
(I've never met nobody like you)
Finest I've ever known
(You call me)
Finest I've ever known
(I'll come running)
Finest I've ever known
Finest I've ever known

Finest I've ever known
