[Hook]

Freak me slow

Freak me slow

I want you to freak me slow

[Verse 1]

Ooh, Ahh

So, could you start the flow?

But, embarrassed and let it show

It's amazing, my pulse is racing

I might have to let it go

[Vamp]

In the way, you're hard on sex

Not too much too ask for (Ask for)

So, don't just stand there dense with me

Don't be bashful (Bashful)

I just wonder if you would

[Hook]

Freak me slow

Freak me slow

I want you to freak me slow

(You like this baby?)

Freak me slow

(I can't see your face)

Freak me slow

I want you to freak me slow

(Hey, baby if you like this let me see your face)

[Verse 2]

Ooh, Ahh

So, Feeling on my stuff

Can't open but it's quick enough

Fell in love and can't pick it up

I might have to let it go

[Vamp]

In the way, you're still on sex

Not too much too ask for (Ask for)

So, don't just stand there dense with me

Don't be bashful (Bashful)
I just wonder if you would
