Don't need no paper  
Don't need no pencil  
Don't need no love letters  
Cause I just wanna get along with you

No beeper  
Don't need no cellular  
No digitals better (listen)  
I just wanna get along with you

Try me  
Cause I agree  
What makes you happy  
But the part that I don't get is  
Why Me  
You deny me  
Now I'm forced upon this planet  
Sadly lonely nights I'm used to gettin  
You took my heartbeat from me  
This is the saddest story  
What was wrong with my love  
You took my heartbeat from me  
Was it I loved you poorly  
Whatever it was  
I just wanna get along with you

Don't need no car  
Don't need no truck  
Don't need no vehicles  
Cause I just wanna get along with you  
No planes  
Don't need no trains  
Don't need to be a passenger  
Cause I just wanna get along with you

Try me  
Cause I agree  
What makes you happy  
But the part that I don't get is  
Why Me  
You deny me  
Now I'm forced upon this planet

Sadly lonely nights I'm used to gettin  
You took my heartbeat from me  
This is the saddest story  
What was wrong with my love  
You took my heartbeat from me  
Was it I loved you poorly  
Whatever it was  
I just wanna get along with you

Don't need new clothes  
Don't need this house  
Don't need this land or skies  
Cause I just wanna get along with you  
These eyes  
Don't need these thighs  
As a matter of fact this damn life  
Cause I just wanna get along with you

Try me  
Cause I agree  
What makes you happy  
But the part that I don't get is  
Why Me  
You deny me  
Now I'm forced upon this planet  
Sadly lonely nights I'm used to gettin  
You took my heartbeat from me  
This is the saddest story  
What was wrong with my love  
You took my heartbeat from me  
Was it I loved you poorly  
Whatever it was  
I just wanna get along with you

You took my heartbeat from me  
This is the saddest story  
What was wrong with my love  
Your took my heartbeat from me  
Should have just stabbed it for me  
From ashes to dust  
I just wanna get along with you

Dear Diary  
I remember like it was yesterday  
It was October 30th  
I no longer have any need for these worldly things  
I wanna go where he is  
I'll follow the fire in the sky  
And just like that I'll be gone

You took my heartbeat from me

This is the saddest story  
What was wrong with my love  
Your took my heartbeat from me  
Should have just stabbed it for me  
From ashes to dust  
I just wanna get along with you
