(Chorus) (x2)

keep your eyes wide open
and your harsh words short
give them kids some room
and they can show you a lot
people, leave them kids alone
you better leave em, just leave them kids alone

(Verse 1)

i ain't got no philosophy
and i'm nobody's prodigy
but i'm just who i'm supposed to be
and i don't care if you copy me
so take your time and study this
nothing to lose so read my lips
cuz i'm just who i'm supposed to be
and i don't mind if you follow me
boys and girls

girls and boys and boys and girls

Chorus x2

(Verse 2)

under the grave we're all the same
a promise made by a different name
and we're all broke up from just a piece
and i'm tired of you gettin tired of me
save your excuse for casting pain
think like a child just see the change
and i'm just who i'm supposed to be
and i don't care what you think of me
boys and girls

girls and boys and boys and girls

Chorus x2
