**(feat. John Ostby)**

Dear God it's me transmittin' from  
This tiny place I live in Harlem  
Oh heaven we have a problem  
Cuz we lost all correspondence  
And there's no more prophets  
They've all been replaced with politics  
And they have your people hostage  
That's why I'm sending you this postage

If you're listening Mr. UFO man  
Speak to Jesus tell him we're on earth and  
Things are worse than they have ever been now  
Father, it's urgent we need u  
Come down

Hey now  
You're my father  
And I don't know what's out there  
So many of us are scared  
Hey now  
We got people shooting people  
We live in warface  
I'm not talking nuclear  
I ain't got there yet

Why we got intelligent mouths  
on Larry King with religious doubts  
While the rabbi and minister fuss  
Shit, another one bites the dust  
So the yellow red black and white  
Send missiles in the dark of night  
Probably wanna stop but don't know how  
That's why Lord, we really need you now

If you're listening Mr. UFO man  
Speak to Jesus tell him we're on earth and

Things are worse than they have ever been now  
Father, it's urgent we need u  
Come down

People around if you feel our vibe ride  
Come on aboard there's enough room inside  
We're flying high where heaven hides  
Hope I see you on the other side

If you're listening Mr. UFO man  
Speak to Jesus tell him we're on earth and  
Things are worse than they have ever been now  
Father, it's urgent we need u  
Come down

Why we got intelligent mouths (intelligent mouths)  
on Larry King with religious doubts  
While the rabbi and minister fuss (while they got fuss)  
Shit, another one bites the dust (another one bites the  
dust)  
So the yellow red black and white  
Send missiles in the dark of night  
Probably wanna stop but don't know how  
That's why Lord, we really need you now

God we need you now  
If you listen Mr. UFO man  
Speak to Jesus  
Tell Him we're down on earth

People around if you feel our vibe ride  
Come on aboard there's enough room inside  
We're flying high where heaven hides  
Hope I see you on the other side
