[Verse 1] (Latrell)

When a bad rain comes
And there's no comparison
When your life has lost the screws that hold you heart
and you fall apart
All the bad news is the truth
And there's nothing you can do
When you find out you're alone
And there's no one but you, you, you

[Hook: 2x] (Kelis)

I wanna get away sometimes
So sick of seeing these signs
Can't get it outta my mind
My life, my life

[Verse 2] (Latrell)

Talk about being lonely
Only he can hold me
To restore my heart and soul what's been deprived all
their life
And I spent many hard long days
Trying solutions in your ways
To find out you're all wrong
And there's no one but me, me, me

[Hook: 3x] (Kelis)

I wanna get away sometimes
So sick of seeing these signs
Can't get it outta my mind
My life, my life

[Vamp: 3x] (Latrell/Kelis)

Gotta get away sometimes

[Bridge] (Latrell/Kelis)

I never thought one day I would see it through my eyes
I'm alive, yes I'm alive
And it's more wonderful when you realize
He gave you life, you can see the light

[Hook] (Kelis)
I wanna get away sometimes
So sick of seeing these signs
Can't get it outta my mind
My life, my life

[Vamp: 3x] (Latrell/Kelis)
Gotta get away sometimes

[Hook] (Kelis)
I wanna get away sometimes
So sick of seeing these signs
Can't get it outta my mind
My life, my life

[Vamp: 3x] (Latrell/Kelis)
Gotta get away sometimes

[Hook: 3x] (Latrell/Kelis)
I wanna get away sometimes
So sick of seeing these signs
Can't get it outta my mind
My life, my life
