You know what I am
You know what I do well at least I thought you knew
They call me Pusha
Damn

I take you like a slap in the face
Every time the bass is mentioned like I had bad intentions
Listen, I thought love was given
So for you I did those things you were missing

Never have to say please gimme borrow
As long as I got yay and two semi autos
And connects in the jets like wetback Carlos
I ain't askin' you to follow just think about tomorrow,
please

I should have known
By the way that you stared
Eying passes by
Like you're rich but life ain't fair

But you make my record skip
Make my record skip
Make my record skip
Make my record skip

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I can't help if I'm a thug and I'm popular
I think that come along with driving a shocking car
Watch the coke light up they life the rocks with stars
Had fiends talking crippled 'cuz they locked they jaw

Pusha T you think it's cool that you deal
Bout as cool as that breeze on the beach in Brazil
As long as fiends want pain then I'm gon' slang
When my financial change then I'm gon' change

I should have seen
In the way you touched my hand
Shuffling your car keys
But sounded like a gentleman

But ya make my record skip
Make my record skip
Make my record skip
Make my record skip

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

You don't know it yet, it's the life that I live that you love
And the fact that I'm thug that had you holding techs
When you really didn't know what it was
But you did it out of love, shit

Far from deprived give you all of you fetishes
Like treacherous necklaces, beget etceteras
Colors coming out make your head spin like exorcist
Spending bright futures in the hood all them no good
messages

I should have heard it
In the way you said my name
While I analyzed your tone
You were formulating games

But you make my record skip
Make my record skip
Make my record skip
Make my record skip

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

I would have never talked to you
If I had known you was a popular thug
Hey, popular thug
You're damn right

Hey, popular thug
