[Verse 1]

I stay on your arm, you never leave me alone
I cater to you, that's how I do, now boo
I ride when you ride, you always have a surprise
I'm like with other guys, I'm down no matter the time

[Hook: 2x]

I am your running mate
If you're straight, I am straight
To the gate, we relate
I'm with you day to day

[Verse 2]

Just say I'm your doll, we done been through it all
The bad was even good, now look what we have stood
Can agree or disagree, we're not trying to compete
Your past and deceit is all reserved for me

[Hook: 2x]

I am your running mate

If you're straight, I am straight
To the gate, we relate
I'm with you day to day

[Bridge: 4x]

Don't think I won't tell him
Hold on, hold on
You ain't talkin' bout my man

[Hook: 2x]

I am your running mate
If you're straight, I am straight
To the gate, we relate
I'm with you day to day
