Trip on spaceship  
Trip on spaceship  
Trip on space ship  
Trip on spaceship

Sitting on top of the world  
Watching the stars  
Go by

I got my head in a dream  
Got my head in a     ..  
I can fly  
I can fly  
I can fly

So get high, get high  
Get high, get high  
So get high, get high  
Get high, get high

Sitting on top of the world  
Watching the stars  
Go by

I got my head in a dream  
Got my head in the.....  
I can fly, I can fly, I can fly

So get high, get high  
Get high, get high  
So get high, get high  
Get high, get high

Yeah

You'd better move, check out the baseline groove  
Take control of your body soul  
Let the rhythm just take control  
Watch the beat drop     .. Explode  
Take the logic overload  
Take the music around a globe

Take control of your body soul, soul, soul  
Let's go

Trip on spaceship, take off  
Trip on spaceship, get on  
Trip on spaceship, take off  
Trip on spaceship, get on

Sitting on top of the world  
Watching the stars  
Go by

I got my head in a dream  
Got my head in the  
I can fly, I can fly, I can fly

So get high, get high  
Get high, get high  
So get high, get high  
Get high, get high

Sitting on top of the world  
Watching the stars  
Go by

I got my head in a dream  
Got my head in the  
I can fly, I can fly, I can fly

So get high, come on, get high, come on  
Get high, get high  
So get high, get high  
Get high, get high

Trip on spaceship, take off  
Trip on spaceship, get on  
Trip on spaceship, take off  
Trip on spaceship, get on
