Let's go

I've been lovin' you for years, knowin' I was never clear
But I have no fear today, 'cause I'm gonna say
What I gotta say, I don't wanna play the role
Bustin' through the door, I'm gonna take your heart for
sure, oh

Put your hands up in the air, it's a stick up
I'm gon take your heart from here, now let's fix up
Put your hands in the air, in the air, in the air

I'm gonna play my cards from here and take this
gamble sure
My words are gonna fumble, but this beat is mighty
humble
Ain't goin' nowhere, sure I'm scared but my life's a
dare
And baby you just got so much flare, we'll be the
perfect pair
I'm gonna share my mind with you, you've been
blinded
My life's been blue, I'm takin' you, I'm takin' you

Put your hands up in the air, it's a stick up
I'm gon take your heart from here, now let's fix up
Put your hands in the air, in the air, in the air

Put your hands up in the air, it's a stick up
I'm gon take your heart from here, now let's fix up
Put your hands in the air, in the air, in the air
In the air, in the air, in the air

When I first met you, I wanted to wet you
Not a gun but a different content, sexual
You tried to run, I still get you
Steel metal not needed, a whole another meaning
Don't want your gold, want your soul
Control your heartbeatin, 'cause when I start squeezin'
that muscle
That's the trigger, than I got u nigga, in you
Chopper spinners, got your bodyguards with you

Diamond dog tag chain swingin', I had them thangs
ringin'

This is a robbery, no one's gettin' free
'Till that man, he comes with me
This is a robbery, no one's gettin' free
'Till that man, he comes with me

Put your hands up in the air, it's a stick up
I'm gon take your heart from here, now let's fix up
Put your hands in the air, in the air, in the air
In the air, in the air, in the air

Put your hands up in the air, it's a stick up
I'm gon take your heart from here, now let's fix up
Put your hands in the air
Put your hands in the air
Put your hands
