Verse 1:

Don't wake me
I'm still dreaming
I don't see you
I can't feel you
I'm alone for real in my mind
I'll feel this all night
When my life takes flight

Chorus:

This isn't just in my mind
We're so suspended from space and time

Verse 2:

I feel like I'm falling
What happens when I hit
Must mean then that's it
This black abyss this pit
It all seems shades of gray
I'm never ready for light of day

Chorus:(Repeat Twice)

This isn't just in my mind
We're so suspended from space and time

Verse 3:

Why do you hurt me
This reality
Why you smile at me
Show your fallacies
Dreams hold me, never let me go
When reality will wake me
I don't know

Chorus:(Repeat Twice)

This isn't just in my mind
We're so suspended from space and time

Verse 4:

Am I dreaming
If so, then why
My bodies back on Earth

Only spirits can fly
Soaring through dimensions of love
Can only my father speaks of
Scenery changes spins and roll
So does the color of our soul
I know how this must make you feel
Baby believe me this was real,
This was real
