this week seemed it had no end
no time to even call my friends
my sanity this night depends
meet all the girls and we'll take the benz

weekend party starts right now
we're wearing skirts and we're going out
now it's time to spend the dough
keep in roll just to go wit' the flow

hey you! get off my car
you don't know me and you don't know my style
la la la...
i just came to dance and get wild
drink with my girls and party for a while
la la la...

need to inhale and suck it all in
get ready y'all cause this dress bout to spin
the neptunes lay this beat with a trend
not sure what this is but it's something sparklin

he's dancing close he's got my body working
i'm feeling good and i can't help fighting
bartender just filled us last glass of gin
i think he likes me well at least i'm hoping

hey you! get off the car
you don't know me and you don't know my style
la la la...
i just came to dance and get wild
drink with my girls and party for a while
la la la...

you can dance if you want now baby
we can dance if you want now baby
you can dance if you want now baby
we can dance if you want now baby

we can leave if it gets to crazy
you can leave if it gets to crazy
we can leave if it gets to crazy

you can leave if it gets to crazy

hey if you don't know what you want
i will show you now baby

i will be your fantasy
you can always count on me

you can dance if you want now baby
we can dance if you want now baby
you can dance if you want now baby
we can dance if you want now baby

we can leave if it gets to crazy
you can leave if it gets to crazy
we can leave if it gets to crazy
you can leave if it gets to crazy

hey you! get off the car
you don't know me and you don't know my style
la la la...
i just came to dance and get wild
drink with my girls and party for a while
la la la...

you can dance if you want now baby
we can dance if you want now baby
you can dance if you want now baby
we can dance if you want now baby

we can leave if it gets to crazy
you can leave if it gets to crazy
we can leave if it gets to crazy
you can leave if it gets to crazy

you can dance if you want now baby
we can dance if you want now baby
you can dance if you want now baby
we can dance if you want now baby

we can leave if it gets to crazy
you can leave if it gets to crazy
we can leave if it gets to crazy
you can leave if it gets to crazy
