Oh, oh, it's the weekend! It's the weekend!
It's the weekend! And them freaks are comin'!
Oh yes them freaks are comin'!

This is my song, this is my life, baby it's on
Somebody told me, the weekend's just for me
(It's the weekend! It's)
All through the week, I've been at work doing my job
Then somebody told me, the weekend's just for me

And oh
(The weekend's coming! And them freaks are coming!)

And oh
(Them freaks are coming!)

Here come them beats, nigga!

Boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!

I know what we can do on the weekend
Baby, we can party all night, yeah, baby
I know what we can do on the weekend
(It's the weekend!)

I just got paid, it's Friday night, and I feel alive
And somebody told me, this club was built for me
(It's the weekend! It's)
They're playing my song, it feels so right
I'm gonna dance in the night
And somebody told me, this beat was made for me

And oh
(The weekend's coming! And them freaks are coming!)

And oh
(Them freaks are coming!)

Here come them beats, nigga!

Boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!

And the beat go boom! And the beat go boom, boom!

I know what we can do on the weekend
Baby, we can party all night, yeah, baby
I know what we can do on the weekend
Baby, we can party all night, yeah, baby

(Move your body, move your body)
(Move your body, move your body)
(Move your body, move your body)
(Move your body, move your body)

It's the weekend! It's the weekend!
And them freaks are comin'! Oh yes them freaks are
comin'!
It's the weekend! It's the weekend!
Move your body, move your body

And oh
(It's the weekend! It's the weekend!)
(The weekend's coming! And them freaks are coming!)
And oh
(It's the weekend! It's the weekend!)
(Them freaks are coming)
Here come them beats, nigga!

Boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!
And the beat go boom! And the beat go boom, boom!

I know what we can do on the weekend
Baby, we can party all night, yeah, baby
I know what we can do on the weekend
(The weekend's coming! And them freaks are coming!)

(Move your body, move your body)
(Move your body, move your body)
(Move your body, move your body)
(Move your body, move your body)

And oh
(It's the weekend! It's the weekend!)
And oh
(It's the weekend! It's the weekend!)
