See it's this thing
I like bein seen outside
In my ride
I like it everywhere

He was next to me
Our flight was supposed to leave around two fifty three
All I wanted to see
Is what would he do if I drop down to my knees

I wanna play your game
If someone comin' it don't matter just the same
Try something fun with me
Let's take our clothes off all over the balcony

Let's get it on in public
Just let it go, I promise that you'll love it
Oh Daddy don't you wanna be my subject?
Let's get it on in public

Don't try to run from me
I'll make your toes curl up and make your body scream
Come take a walk with me
We can do it over there by all the trees
Drive this car real fast
I'll lay my head down and I'll make your body blast

Let's get it on in public
Just let it go, I promise that you'll love it
Oh Daddy don't you wanna be my subject?
Let's get it on in public

Let's make a movie, baby
Can we get away with it? I'll be your animal
All lights on
I like it when we do it to this song

Let's make a movie baby
Can we get away with it? Your so nasty
All lights on
I like it when we do it to this song, talk to me

The pussy or the mouth, that is the question
Like Shakespeare but my erection is the case here
I ain't got time to drive you all the way home
But instead I can slide you to a club bathroom or a
restaurant mens' room

Then I can zoom in your womb, we both get what we
want
Then we can assume we doin' what we was
Smokin' that bud and chillin'
But first I gotta nut before anything you willin'?

You wit it, it's animal behavior
Let's shake, I forgot who the sexy beast ma who slays
ya
This is for the major who love the natural love makin'
Outdoors, on the hood of your car

Nas is good at it all when it comes to gettin' it raw
Do I have to convince ya naw, we don't need hotel key
We jump in the truck and stain everything up
Slide your G string up

Let's get it on in public
Just let it go, I promise that you'll love it
Oh Daddy don't you wanna be my subject?
Let's get it on in public

Let's get it on in public
Just let it go, I promise that you'll love it
Oh Daddy don't you wanna be my subject?
Let's get it on in public
