

## Cause And Effect "Sinking"

Visit "[Sinking](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I want to be new, let go yesterday  
And hold on to whatever comes my way  
I claim to be true you want yesterday  
You hold your ground no matter what I say

But you'll seem to bring me down at any price  
If you were in my shoes you'd think about it twice

Because I'm sinking  
Sinking to a place I've never been before  
(Sinking)  
Hoping that I won't be here too long  
(Sinking)  
Sinking to a place I've never seen before  
(Sinking)  
A million thoughts in one night can't be wrong

Night time brings the blue, daylight brings the joy  
And could it be that I've destroyed the boy  
I want peace for you, for a little boy  
And for the ones who's wisdom you employ

They seem to criticize at any price  
If they could share my views then think about it twice

Because I'm sinking  
Sinking to a place I've never been before  
(Sinking)  
Hoping that I won't be here too long  
(Sinking)  
Sinking to a place I've never seen before  
(Sinking)  
A million thoughts in one night can't be wrong

(Sinking)  
To a place I've never been before, falling down again  
(Sinking)  
Hoping that I won't be here too long  
(Sinking)  
Sinking to a place I've never seen before, I'm falling  
down again  
(Sinking)

A million thoughts in one night can't be wrong

(Sinking)

To a place I've never been before, I'm falling down  
again

(Sinking)

I'm falling down again

(Sinking)

To a place I've never been before, falling down again

(Sinking)

I'm falling down again

(Sinking)

To a place I've never been before, falling

(Sinking)

To a place I've never been before, falling

(Sinking, falling)
