You can see the walls in her eyes it's holding back the  
world outside

You can feel the weight of her life

And you know that she thinks it's cold outside

You can understand her view just close her eyes and  
forget what's true

But you can let her know that the wall must still be  
broken

And you can let her know that the truth must still be  
spoken

Stone girl, feeling nothing

Stone girl, accepting nothing

Stone girl, feeling nothing

Stone girl, accepting nothing

Running away from life's confusion, stone girl

And the time has come for her now

To grab whatever life will allow

You can feel the hope inside her vow

And escape is all her mind will allow

But you can let her see that the wall must still be broken

And you can let her see that her words must still be  
spoken

Stone girl, feeling nothing

Stone girl, accepting nothing

Stone girl, feeling nothing

Stone girl, accepting nothing

It doesn't matter what they think

Because in the end you're on your own

She could shatter what they think

And show the world that she has grown

But silence brings her pain, words could stop this rain

She must speak before she leaves today

Words could break the wall but she won't speak at all

She must shout before she leaves today

Stone girl, feeling nothing  
Stone girl, accepting nothing  
Stone girl, feeling nothing  
Stone girl, accepting nothing  
She's running away from life's confusion, stone girl
