You know what I am  
You know what I do well at least I thought you knew  
They call me Pusha  
Damn

I take you like a slap in the face  
Every time the bass is mentioned like I had bad intentions  
Listen, I thought love was given  
So for you I did those things you were missing

Never have to say please gimme borrow  
As long as I got yay and two semi autos  
And connects in the jets like wetback Carlos  
I ain't askin' you to follow just think about tomorrow,  
please

I should have known  
By the way that you stared  
Eying passes by  
Like you're rich but life ain't fair

But you make my record skip  
Make my record skip  
Make my record skip  
Make my record skip

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I can't help if I'm a thug and I'm popular  
I think that come along with driving a shocking car  
Watch the coke light up they life the rocks with stars  
Had fiends talking crippled 'cuz they locked they jaw

Pusha T you think it's cool that you deal  
Bout as cool as that breeze on the beach in Brazil  
As long as fiends want pain then I'm gon' slang  
When my financial change then I'm gon' change

I should have seen  
In the way you touched my hand  
Shuffling your car keys  
But sounded like a gentleman

But ya make my record skip  
Make my record skip  
Make my record skip  
Make my record skip

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

You don't know it yet, it's the life that I live that you love  
And the fact that I'm thug that had you holding techs  
When you really didn't know what it was  
But you did it out of love, shit

Far from deprived give you all of you fetishes  
Like treacherous necklaces, beget etceteras  
Colors coming out make your head spin like exorcist  
Spending bright futures in the hood all them no good  
messages

I should have heard it  
In the way you said my name  
While I analyzed your tone  
You were formulating games

But you make my record skip  
Make my record skip  
Make my record skip  
Make my record skip

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

I would have never talked to you  
If I had known you was a popular thug  
Hey, popular thug  
You're damn right

Hey, popular thug
