There's a wild streak in me but it's only for you to see  
Look to my heart, 'cause you know I'm ready to start  
I guess I'm tryin' to say, yes I've been waiting for this  
very day  
Hope you're goin' too slow, 'cause we're 'bout to shoot  
the sun a-glow

How do we make it, I do know  
If there was ever a problem they had to go  
Sometimes it's kinda hard yes I do agree  
See 1 plus you just equals me

They'll just watch us glow  
Watch us glow  
They'll just watch us glow  
Yeah, yeah, yeah

Now in love something crazed  
Exude from your eyes when they are fixed on me  
And like the eternal flame  
We have a fire that won't ever stop burning

There's a power in numbers baby  
But 2 is deemed the perfect team  
Me and you equals 2  
We will battle the masses baby  
But we will claim the victory

How do we make it, I do know  
If there was ever a problem they had to go  
Sometimes it's kinda hard yes I do agree  
See 1 plus you just equals me

They'll just watch us glow  
They'll watch us glow  
They'll just watch us glow  
Yeah-e-yeah

Some said we would never change  
Look at us now, people tried to tear it all apart  
Boy you stole my heart so quickly

How do we make it, I do know  
If there was ever a problem they had to go  
Sometimes it's kinda hard yes I do agree  
See 1 plus you just equals me

They'll just watch us glow  
Oh, they'll watch us glow  
They'll just watch us glow  
Yeah, yeah

How do we make it, I do know  
If there was ever a problem they had to go  
Sometimes it's kinda hard yes I do agree  
See 1 plus you just equals me

They'll just watch us glow  
Oh, they'll watch us glow  
They'll just watch us glow  
Yeah, yeah

Watch us, watch us  
They'll watch us glow  
They'll just watch us glow  
They'll just watch us glow  
They'll just watch us glow
