Chorus

U know u wanna dance
N u know u wanna rock
Come on take a chance
Forget about the clock
Rock with Me
Dance with Me
You know you wanna dance
You know you wanna rock
Come on and take a chance (rock with me)
Forget about the clock (Dance with me)

The clock struck 12
Ur godmommas gone
Cinderellas still here
On the floor alone
Go head and try ur luck
nobody gives a fuck
Say bye to the drama
N start shakin the trunk
Scared to sing cause you feel a lump
In your throat now stop bein a punk
U know how to wipe out that junk
Trashman in ur mind said dump
Up and down do u feel that jump
Heart is raising u love that thump

on ur back there aint no hump
Cause you know how to feel that funk

SHANIÂ's PART

I feel the vibes
Im shakin inside
My brain open wide
Im swayin side to side
Now u can two step or diddy bop
Breakdancing can Pop and lock
Going all night im talking non stop
Release that fright take it to the top
No one on the corner got swager like you
not gonna warn her just do what you do

Now watch those hands ull be black and blue
I call my mans after u you know who
This aint a game of Seek and find
Just say my name clear out your mind
Shake out the outta date while you bump and grind
Start right here Now is your time
