I was there at Deer Creek back in 1995  
I think it was June maybe July  
But Jerry was still alive  
All the kids in that parking lot  
They tore that fence down  
And I blamed them  
For the second show getting cancelled.  
I really wanted to go  
I saved up all of my dough  
I didn't go to any other shows  
And I got my tickets M.O.ed  
And I never missed a Deer Creek show  
From '89 to '95  
I was happy just to be alive  
On my yearly Indiana vacation  
But that was cut short by a bunch of jealous,  
Party bashin', buzz thrashin', gate crashin', stinky  
bastards  
And if you're one of them  
And you hear this song  
Fuck you  
You cock sucking motherfucker  
Fuck You  
You cock sucking motherfucker  
Fuck You
