[Pre Hook]

Iâ€™m the Venus for your Mars  
Iâ€™m the healing for your scars  
Iâ€™m the nighttime for your stars  
You donâ€™t have to look so far  
Watering the family tree  
Ever after happily  
If the Earth falls to the sea  
In your arms is where Iâ€™ll be

[Hook 2x]

We already are  
You and me  
Psychically in tune to the, stars

[Verse 1]

Sometimes we fight like cats and dogs  
But here we are giving it our all  
So many years in the making, but then forsaking, and  
forgetting  
Even for a moment, I am not betting on our demise  
I can see the future in your eyes  
I see the presence, ironic surprise  
When you go counter and I clockwise  
Thru the worldâ€™s pain and all the lies  
We will grow a garden every time  
And if I harden, will you remind  
Me of the softness, I had in my prime  
If I seek will you help me find, and when I freak wonâ€™t  
you be kind  
Know there's sometimes demons in the mind  
What can I say, it's hard being an interdimensional  
bride

[Pre Hook]

Iâ€™m the Venus your Mars  
Iâ€™m the healing for your scars  
Iâ€™m the nighttime for your stars  
You donâ€™t have to look so far  
Watering the family tree  
Ever after happily

If the Earth falls to the sea  
In your arms is where Iâ€™ll be  
[Hook 2x]  
We already are  
You and me  
Psychically in tune to the, stars

[Verse 2]  
You might as well get used to this  
Death do us part, here healthy or sick  
I got eternity to wait  
And I know Iâ€™m choosing my own fate  
And Even if I was, burned at the stake  
I would reincarnate  
Like a yogi in a lotus  
From the mud we are exploded  
I didnâ€™t walk to you, I floated  
When empty, you help me get reloaded

[Pre Hook]  
Iâ€™m the Venus your Mars  
Iâ€™m the healing for your scars  
Iâ€™m the nighttime for your stars  
You donâ€™t have to look so far  
Watering the family tree  
Ever after happily  
If the Earth falls to the sea  
In your arms is where Iâ€™ll be

[Hook 2x]  
We already are  
You and me  
Psychically in tune to the, stars

(Music break, Repeat pre hook & hook)
