(Shake Dat)

When IÂ'm up in da club, wanna feel the love, tryna  
have fun

I got a

(Shake Dat)

All up in my cyberspace can we activate, forget the  
catch or chase just wanna

(Shake Dat)

I don't need a sparrin mate, can we all relate, and put  
away the hate n SHAKDAT

What you gotta SHAKE DAT (2x)

[Verse 1]

Everybody keeps on gossipin

Chitter chatter shit what the topic is

Throats all dry need some losengiz

Can't breath in your hate need some oxygen

Frown face fallen in, needs some collagen

Kinda hard to trust like a congressman

Startin shit begins like Washington

Got me drinkin cosmopolitans

Quit and put feet up on the ottoman

Wise and thinkin like IÂ'm Soloman

Messages keeps on mixin in

3 different stories Neapolitan, killin like hollow tip, play  
a sad song

Where the violin

Tell me how u been, we go round the bend

Knownin, that all hate comes from within

[Verse 2]

Everybody's talkin' but not a lot of action  
Have you ever heard about the law of attraction  
I practice, and spin off my axis, skipped all the classes  
But I stop the traffic while laughin  
When your comparatively speakin  
Your message it gets weekend  
Hating spreadin on weekend  
It's lame and freaking reakin  
Not teaching, just screamin  
Now shut your mouth and see that  
It's not destruction that your seekin  
Treat them, how you wanna be treated  
And shine just like a sequin  
Get deep in  
Love leaking  
Keep dreamin  
No schemin  
Spit love like it's semem

Sayin that you hate me, but I know it aint me, workin on  
it daily, and I'll  
(Shake Dat)

[Pre Hook]

Why  
See I'm tryna ask why  
Were talkin absurd cause that shit don't fly  
Cause I ain't no bird and you ain't gon try

That racist, that fakeness, I can't take it, impatient  
Don't wait on me, can't push me, I'm weightless  
Can't break this, we're livin' life  
Not living lies, we sit and smile  
You project on me and I'm not surprised  
Don't try to judge me cuz I ain't on trial  
Could be effortless  
Forever bliss, happiness, plus craftiness  
I'm more than half of this  
It ain't a trick and I tell you what the secret is
