[Verse 1]

Tell me what you know
Cause we all got a part
Connect through an om
And Align with my heart
I will not be a drone
I'll be straight like a dart
As I aim for my thrown
And we're all gonna start
As the ocean floor becomes oil slicks
I think this the basis
For unplugging the matrix
I could see it in our faces
Awaken all the racists
We mustn't leave any traces
Of wrong homeostasis
Unopened are these cases
Collapse into my quietness
I hope that you do not mind this
Eternal search for my own bliss
When my mind stops playing it's tricks
The lotus it is blooming
We all will start moving
I know it feels consuming
Our shadow side is looming
But I'm zooming, rebooting, reprogramming
Re-suiting into my super hero costume
And u assume that I'll resume from the womb and out
my tomb

[Chorus]

lye lye lye ya
Tell me what you know
Cause we all got a part
I Connect through an om
And Align with my heart
lye lye lye ya
I will not be a drone
I'll be straight like a dart
As I aim for my throne
And we re all gonna start

lye lye lye ya
Tell me what you know
Cause we all got a part
I Connect through an om
And Align with my heart
lye lye lye ya
I will not be a drone
I'll be straight like a dart
As I aim for my throne
And we re all gonna start

[Verse 2]

The diamonds you know they are shining
It is just so confining
To be a woman waiting and whining
Not whole until I get that bloody ring
Legs and arms were lost
Do you know the cost
Babies mining for our frost
Sewing up our Lacoste
It's hard to not consume
When empty there is no room
I'm guilty of this too
Spending it can undo
The emptiness we feel
Of not knowing what's real
And we like how we feel
When we're opening that seal
Of the latest new thing
The compliments they bring
Of owning a lil bling
Cash register says cha ching
And suddenly it's old
We're broke and feeling cold
Overindulgence grabs a hold
Let us make another mold

[Chorus]

lye lye lye ya
Tell me what you know
Cause we all got a part
I Connect through an om
And Align with my heart
lye lye lye ya
I will not be a drone
I'll be straight like a dart
As I aim for my throne
And we re all gonna start
lye lye lye ya
Tell me what you know
Cause we all got a part

I Connect through an om
And Align with my heart
lye lye lye ya
I will not be a drone
I'll be straight like a dart
As I aim for my throne
And we re all gonna start

[Bridge]

lye lye lye ya
Do not be afraid to cry
lye lye lye ya
Soon the tears will surely dry
lye lye lye ya-ah
You have wings, and you can fly
lye lye lye ya-ah
There's no limit to your sky

[Chorus]

lye lye lye ya
Tell me what you know
Cause we all got a part
I Connect through an om
And Align with my heart
lye lye lye ya
I will not be a drone
I'll be straight like a dart
As I aim for my throne
And we re all gonna start
lye lye lye ya
Tell me what you know
Cause we all got a part
I Connect through an om
And Align with my heart
lye lye lye ya
I will not be a drone
I'll be straight like a dart
As I aim for my throne
And we re all gonna start
