Who throws out the lifelines
Who can swim the deepest ocean
Who can trust the sky won't fall
Who can trust they know it all

All the whispers that I share
All the moments by myself
When I know that you're not here
And I gather all my fears

And they're locked inside believe
But they're not inside of me
And it's fallen from a trust
And it all resolves to dust
Is it possible to see
With every moment over
What the reason was for me
Was it love
Was it love

Is it you who makes the sun rise
Is it you who makes my eyes dry
Was it you who gave it all
Can I trust the sky won't fall

I have loved and I have hated
I have jumped too soon then waited
And everytime I've fallen down
And everytime I almost drowned

And they're locked inside believe
But they're not inside of me
And it's fallen from a trust
And it all resolves to dust
Is it possible to see
With every moment over
What the reason was for me
Was it love
Was it love

So when I walk into walls

Or run out of control
Or feel I've lost my soul
Or I can't take no more
And when all I know is lost
I'm broken and alone
When I am just a ghost
Who's looking for her home
Like Faith without faith

And they're locked inside believe
But they're not inside of me
And it's fallen from a trust
And it all resolves to dust
Is it possible to see
With every moment over
What the reason was for me
Was it love
Was it love
Was it love
