It's been a long week  
And I've had a lot of time to think about you  
So sure that I'm right  
In thinkin' I'll be more than fine without you  
Here you are with a guilty grin  
Knockin' at my door again  
We both know you're gonna win  
When I'm in those arms of yours  
Chorus:  
I can't turn my back  
When you put it like that, put it like that  
Right here in front of me, is all I'll ever need  
And when you touch me like that  
Hold me like that, love me like that  
Forever sure sounds good  
When you put it like that  
So much for being strong  
My mind's set but my heart's too gone to save me  
I'd like to think I gotta choice  
And deep down that little voice don't phase me  
When I see you standing here  
Everything is crystal clear  
And all my doubts just dissappear  
When you're holdin' me like this  
Chorus:  
I can't turn my back  
When you put it like that, put it like that  
Right here in front of me, is all I'll ever need  
And when you touch me like that  
Hold me like that, love me like that  
Forever sure sounds good  
When you put it like that  
When I see you standing here  
Everything is crystal clear  
And all my doubts just dissappear  
When you're holdin' me like this  
Chorus:  
I can't turn my back  
When you put it like that, put it like that  
Right here in front of me, is all I'll ever need  
And when you touch mel ike that

Hold me like that, love me like that  
Forever sure sounds good  
When you put it like that
