Maybe, tonight, we could close the door and lock  
ourselves inside  
Take time to feel  
I don't wanna miss the chance to be so real  
The days all fly away  
And I forget the truth  
Everything that matters is in this room  
When you lie next to me  
Breathin the air I breathe  
We don't have to speak  
And just be  
Our loves a precious thing  
Don't wanna waste a day  
Or one more minute  
Without you in it  
Life if so sweet  
When you lie next to me  
My heart is yours  
But every part of me still wants to give you more  
More time to love  
Cause you never know when life will leave us  
I wanna take in all the beauty here  
Let the world around us just disappear  
When you lie next to me  
Breathin the air I breathe  
We don't have to speak  
And just be  
Our loves a precious thing  
Don't wanna waste a day  
Or one more minute  
Without you in it  
Life if so sweet  
When you lie next to me  
When you lie next to me  
Breathin the air I breathe  
We don't have to speak  
And just be  
Our loves a precious thing  
Don't wanna waste a day  
Or one more minute  
Without you in it  
Life if so sweet

When you lie next to me
