Get in.

I wait for my motive to come around

They said it's love gonna take another down

Blank the page, the epilogue will tell the whole

Where the book is the word, the sword and power

Giving reason to end in the final hour

And it's more than one who holds should feel

Waiting up to say 'is is wrong, is it right'

Fading out ignore the lies

Looking down to show am I wrong am I right

Fading out ignore the lies, oh

But in the meantime

Whoa, whoa, whoa

But in the meantime

Whoa, whoa, whoa

I've been revealing subtle systems that break the vine  
Concealing power through the ground to the end of the  
line

No sound, underground, clip another round

Fit and equip and all around, find the criminal

We let it go, you never know to mention 'alright'

It's more than one who holds should feel, oh

Waiting up to say 'is is wrong, is it right'

Fading out ignore the lies

Looking down to show am I wrong am I right

Fading out ignore the lies

But in the meantime

Whoa, whoa, whoa

But in the meantime

Whoa, whoa, whoa

We let it go, I never know to mention 'al-alright'

Two down for show, you watch it grow, you mention 'al-  
alright'

We let it go, you never know to mention 'al-alright'

It's more than one who holds should feel

Waiting up to say 'is is wrong, is it right'

Fading out ignore the lies

Looking down to show am I wrong am I right  
Fading out ignore the lies, oh  
But in the meantime  
Whoa, whoa, whoa  
But in the meantime  
Whoa, whoa, whoa  
But in the meantime  
Whoa, whoa, whoa  
But in the meantime  
Whoa, whoa  
But in the meantime
