Just because I like to wait right outside your locker
Doesn't mean that I'm
And just because with every other girl I don't even
bother
Doesn't mean that I'm
And just because I walk around your house dressed
like a robber
It doesn't mean that I'm a stalker (2x)

Well you've got a perfect little body with a drop-
dead smile
And I'm not the kind of guy that would normally
make you go wild
But, I can't, get you off my mind you dominate my
thoughts
So I'll do everything I can to be around and

CHORUS

Every day I wake up I think of the places that I'll see
ya
And position myself to be in full visibility
I know what car you drive, searching all the time
Drive in your neighborhood to increase my chances
I've tried
To be cool with your best friends, put in a good word
for me
But maybe if you'd see, and if you'd only be
mine, I'd be fine
And love you forever until the end of time

CHORUS

And just because I recall every conversation
Over analyze to death do us part with no escape from
This want that burns inside of me for you
And though I lay in bed plotting my master plan
To win your heart, your love you over, please
understand
I get so nervous when I see you then
I realize I've never talked to you
And I'm never going to get you

It doesn't mean that I'm mad!

CHORUS
