I donâ€™t really care if you donâ€™t even miss me  
I just wanna know that heâ€™s not as good as I was  
Iâ€™m standing on a rooftop  
Yelling out to you girl

We had a lot of love  
At least I think we did  
But you would have never known it  
The way we called it quits

We got them mutual friends  
Itâ€™s kinda awkward with them  
Itâ€™s never mutual when everything just comes to an  
end

You got a new dude  
Cuz thatâ€™s what you do  
Posting pictures like the world just needs to see the  
news

Donâ€™t you lie to me  
Cuz I just wanna know  
I think by now I deserve an explanation for the  
Stupid situation cuz I know itâ€™s over

Does he know all about  
That little spot we found  
Pacific beach under the moon when we were way too  
loud  
Our trip to Mexico  
That little song I wrote  
About the way you look in candlelight, so beautiful

You got a new dude  
Cuz thatâ€™s what you do  
Posting pictures like the world just needs to see the  
news

Donâ€™t you lie to me  
Cuz I just wanna know  
I think by now I deserve an explanation for the  
Stupid situation cuz I know itâ€™s over

Don't you lie to me  
Cuz I just wanna know  
I think by now I deserve an explanation for the  
Stupid situation cuz I know it's over

I got a feeling  
Something burning deep inside  
You don't love him so you try to justify  
You can't tell me  
After all that time  
That you don't think about you and him  
And what could have been with you and me  
If you had only listened to your heart and I
