Good loving and more than faded jeans
Love when I feel the dreams
Like when I feel the scenes
She's gone now and no one, no one stays
Love gonna make me pay, life gonna give away, yeah

You've got your mind made up this time
And you are so afraid that I, you are so afraid that I...

Here in your wait (your way)
You've got your mind made up this time
You are the miracle
Loving you wait (your way)
You've got the love you want to find
You are the miracle
You are the miracle

We feel it down when you feel the dawn
Love what you say is gone
Like when I want it gone
I feel it when love gon give it all
Love when I wake and fall
Like when I give it all

You've got your mind made up this time
And you are so afraid that I, you are so afraid that I...

Here in your wait (your way)
You've got your mind made up this time
You are the miracle
Loving you wait (your way)
You've got the love you want to find
You are the miracle

You want to let it go,
You want to let it go, why
You want to let it go,
You want to let it go, why
Oh I, oh I, oh I know

Here in your wait (your way)
You've got your mind made up this time

You are the miracle
Loving you wait (your way)
You've got the love you want to find
You are the miracle

Here in your wait (your way)
You've got your mind made up this time
You are the miracle
Loving you wait (your way)
You've got the love you want to find
You are the miracle
You are the miracle
