I could live in a concrete jungle on the corner begging
for some change
Be nothing but an old speed bump on the pavement of
a digital age
Just as long as you were by my side well I know I'd
be okay
Come to find that a concrete jungle with you is a
wonderful place
With you is a wonderful place

I could drive down the five in a stolen ride down to
Mexico
No money, no map, no plan, no clue where I'm
gonna go
Just as long as you were by my side well I know I'd
be okay
Come to find that a hideaway town with you is a
wonderful place
With you is a wonderful place

It doesn't matter where I'm going, what I'm
doing as long as I'm with you
Even if the sky is storming, the tears are falling, as
long as I'm with you
It doesn't matter where I'm going, what I'm
doing as long as I'm with you
I'll be alright, yeah I'd be alright

I could float far away one day in an ocean lost at sea
Just a boy, with a sail and a dream and no one looking
for me
But just as long as you were by my side well I know
I'd be okay
Come to find that a little old boat with you is a
wonderful place
With you is a wonderful place
