Honey, don't talk to me about money  
Your diamonds and guns and your bullshit  
Vive la rock 'n' roll

Baby, fuck MTV  
That ain't nothin', nothin' to me  
Give me somethin' to liberate my soul

Where's the love? Where's the love?  
Inside the melody that's lickin' your speakers  
Where's the love? Where's the love?  
I hope somebody's gonna stand up and teach us

People, the leaders are leadin' us nowhere  
They're rapin' our world and we don't care  
Vive la rock 'n' roll

People, it's time to stand up and start speakin'  
Yeah, shake up the devil you're keepin'  
Before they take it all

Where's the love? Where's the love?  
Inside the melody that's lickin' your speakers  
Where's the love? Where's the love?  
I hope somebody's gonna stand up and teach us

Some days I can't believe my eyes, I'm so speechless  
Honey, honey, honey, honey  
Yeah, yeah, yeah, yeah

Where's the love? Where's the love?  
Inside the melody that's lickin' your speakers  
Where's the love? Where's the love?  
I hope somebody's gonna stand up and teach us

Where's the love? Where's the love?  
Inside the melody that's lickin' your speakers  
Where's the love? Where's the love?  
Some days I can't believe my eyes, I'm so speechless
