"All Of Me"

Tell me all you've ever dreamed of
And all you've ever needed so bad it burns inside
This love is unconditional
There is nothing that I wouldn't do
To make your dreams come true for you

I can only promise that I'll try
To give you what you want in life
I can never give you less than all of me (Less than all of me)
Never less than all of me (Less than all of me)
(Less than all of me)
Never less than all of me for you

Hope my open arms are strong enough
To hold you when you're down
Catch you when you fall from grace
When the storm comes and the lightning strikes
Just close your eyes and hold on tight
I'll do my best to make it alright

I can only promise that I'll try
To give you what you want in life
I can never give you less than all of me (Less than all of me)
Never less than all of me (Less than all of me)
(Less than all of me)
Never less than all of me for you

Follow me through the dark times
Squeeze my hand until the pain has gone away

Tell me all you've ever dreamed of
And all you've ever needed so bad it burns inside
This love is unconditional
There is nothing that I wouldn't do
To make your dreams come true for you

I can only promise that I'll try
To give you what you want in life
I can never give you less than all of me

I can only promise that I'll try
To give you what you want in life
I can never give you less than all of me
