There's nothing that I can say
To make you want to stay here with me forever.
There's nothing that I can do to make you want me like I
need you to.
I need you to.

[CHORUS]

Just give me one last chance to say this.
Just give me one last chance to say
What's on my mind cause I will get it right.
If I could only get my head above the water for a
moment of your time.
But you seem so strong and I can't hold my breath no
longer.
If you've ever tried to scream under water
You'll choke.
YOU'LL CHOKE.

You said I always sang too loud to sing you a love song.
Well I save my soft voice for the things I really mean.
You always said I had a hard time saying what's on my
mind.
Well, here it goes: I hate you for what you've done to
me.

[CHORUS]

When the last word's been said and the last tear's been
shed,
I will miss you, miss you my friend.
And I can't tell you lies.
Even after all these years I still cry.
