If I could see you I would memorize your face  
If I could give you just one kiss I'd never forget your  
taste  
When you bring the warmth to this cold place

I'll never waste another night alone when I know I can  
be with you  
'Cause all I have to do is close my eyes  
When I'm alone with you I'm never lonely

If you trust me with your heart I would never miss a  
beat  
And at night when you're dreaming are you dreaming  
of me?  
I know you're fiction, made up for me to be a part of  
this love story  
Though I made you I'm trying hard to  
Hold onto this feeling you give me

If I never saw you I wouldn't have to, I would never see  
you cry  
If I never met you I wouldn't have to say good-bye

I'll never waste another night alone when I know I can  
be with you  
'Cause all I have to do is close my eyes  
When I'm alone with you I'm never lonely  
Never lonely

If I never saw you I wouldn't have to, I would never see  
you cry  
If I never met you I wouldn't have to say good-bye

I'll never waste another night alone when I know I can  
be with you  
'Cause all I have to do is close my eyes  
When I'm alone with you I'm never lonely
