Beautiful LIKE the dress I laid out for you  
Let your hair down the way you always used to  
The tile's cold,  
The tap is dripping  
As I go to rinse my hands of you,  
And watch the pieces one by one wash away down the  
drain

[Bridge:]

I'll fake this morning at your funeral  
Dressed in black and trying not to laugh

[Chorus:]

Sleep tight my dear  
This WILL be your last night here  
Breathing among the living  
I've got some plans for you  
Sweet dreams my love  
It'll all be over soon  
We're just waiting for the poison in your blood  
To reach your heart

So cold and pale laid out before me  
So weak and frail quiet as can be  
Peacefully sleeping for all of eternity  
No one will ever suspect me  
Fingerprints and DNA won't give me away

[Bridge]

[Chorus]

I brought your favorite flowers  
Your mother said you would have loved them  
I'll read your favorite poem out loud  
And I'll break down,  
I'll break down  
You said THAT I don't feel  
That's why you could not LIVE with me  
I don't feel the least bit sad right now,  
How's that for irony?  
I FAKED this morning at your funeral  
Dressed in black and trying not to laugh

ÃfÂçâ, -Ã,Â! I can't help but laugh

[Chorus]
