I wanna see myself under the bright lights  
Looking down at thousands of people, looking back up  
at me  
Tell 'em my dreams will be shattered (Shattered)  
When I wake up to reality  
We've been at this game for so long now  
Not gonna let it bring me down  
Don't stop looking on the bright side  
See you trying to shoot up the light  
You can piss on my parade but I'm not gonna get wet

Why does he see the worst in everything?  
Can't you see we're doing what we want to do?  
Can't you see it doesn't matter what you say?  
Doin' what we want, we'll do it all our way  
We've been at this game for so long now  
Not gonna let it bring me down  
Don't stop looking on the bright side  
See you trying to shoot up the light  
You can piss on my parade but I'm not gonna get wet

Come out to the show  
Then you'll go home and you'll know  
We're just having fun and following our dream
