"Green Grass And Cadillacs"

In greenest grass the luxury calls
Where the sun sets down and the flowers grow
(***)
(***)

Let it be a lesson to you
So perfect, got everything
That doesn't make you better than me
The grass is always greener on the other side

(***) stare at me
Because I walk on the other side of the street
I've got no problems with anything that you do
Until (***) I just want to be nothing like you

Let it be a lesson to you
So perfect, got everything
But that doesn't make you better than me
