What have we done with our lives? So much wasted  
time

Now that you're gone I'm all alone  
Don't know if I can make it on my own

We have come too far now  
To ever close our eyes on the drama  
We have been through the best of times  
Gone through the worst of times  
Does it have to end now?

This is not the end  
We're too good of friends  
To give it all up just because we're separating  
It's how the story goes  
Where you'll end up no one knows  
'Cept your old friend, Mr. Destiny

What have we done with all our time? So much wasted  
life

Now that you're gone I'm all alone  
Don't know if I can make it on my own

Shouldn't have to give up a good name  
To one another  
That's not the way it ought to be  
Mapping out your plans of action  
Too late, too late for me

This is not the end  
We're too good of friends  
To give it all up just because we're separating  
It's how the story goes  
Where you'll end up no one knows  
'Cept your old friend, Mr. Destiny

Run away  
Run away  
Run away  
But you'll be back someday

This is not the end  
We're too good of friends  
To give it all up just because we're separating  
It's how the story goes  
Where you'll end up no one knows  
'Cept your old friend, Mr. Destiny
