(Kellie Coffey/Josh Leo)

No stars fell from the sky
(The)first time I looked in your eyes
No moonlight shinin' down
My feet never left the ground
No roses and a bottle of wine
No arrows or a neon signs
No heavenly angels sang on high

I just knew
Positively certain that you were the one for me
I just knew
Definitely sure in love that anyone could see
We were meant to be a part of history
Made for me and you
It was (And it's)already set from the moment we met
I just knew,oh

Don't get me wrong
I could feel the heat
My heart beat fast,I could barely breathe
It was a genuine,pre-designed epiphany

I just knew
Positively certain that you were the one for me
I just knew
Definitely sure in love that anyone could see
We were meant to be a part of history
Made for me and you
It was (And it's)already set from the moment we met
I just knew,oh

Maybe it's intuition
But I've learned how to listen to my heart
'Cause it was you right from the start
