Hey little girl with your tangled hair, your tited red
clothes.
Your fifteen and your bound to bloom just like a rose
Your wishin that you had designer jeans
Like the ones you see in magazines
Now i know you'd give anything just to fit in
But you were playin on the price tag, it comes within

Chorus:

Don't you know your beautiful
Don't you know your beautiful
Don't you know your beautiful
Just the way you are

Hey there little homecoming queen
In that backseat
I'll bet his browns eyes are promisin you everything
And i know you wanna be just like your friends
But he'll still love you, if you dont give in
If those girls were bein honest, they would've been
where your at
I bet they'd tell you they wished they had their
inonsence back

Chorus:

Don't you know your beautiful
Don't you know your beautiful
Don't you know your beautiful
Just the way you are

So he left ya for a girl that could be your twin
If you were 28 again
Let him go, let him fly, keep your head up
Get on with your life

Chorus:

Don't you know your beautiful
Don't you know your beautiful
Don't you know your beautiful
Just the way you are
Don't you know your beautiful

Don't you know your beautiful
Don't you know your beautiful
Just the way you are

Just the way you are
