Anytime you feel  
like you just can't hold on  
Just hold on to my love  
I'll help you be strong  
But you're so afraid to lose,  
and baby I can't reach your heart  
I can't face this world that's keeping us apart  
When I could be the one to show you  
Everything you missed before  
Just hold on now,  
cause I can be the one to give you more  
Yes you know

Anytime you need love baby I'm on your side (Hey)  
Just let me be the one that can make it alright  
(I can make it alright)  
Anytime you need love baby you're in my heart  
I can make it alright

I look into your eyes  
and I feel it coming through  
I can't help but want you  
more than I want to  
So baby take all of your fears  
and cast them all on me  
Cause all I ever wanted  
was just to make you see  
That I could be the one to give you  
all that you've been searching for  
Just hold on to my love  
and baby let me give you more  
You know

(Anytime)  
Anytime you need love baby I'm on your side  
(I'm on your side)  
Just let me be the one that can make it alright  
(I can make it alright)  
Anytime you need love baby you're in my heart  
(You're in my heart)  
I can make it alright

Now there's no way out  
And I can't help the way I feel  
Cuz baby I'm on fire and I'll be waiting right here  
You know my love is real, baby yeah

Anytime you need love baby I'm on your side  
(you know)  
Just let me be the one that can make it alright  
(I can make it all, make it all, make it alright)  
Anytime you need love baby you're in my heart  
I can make it alright

Yeah, yeah, yeah, yeah

Anytime you need love baby I'm on your side  
(I'm on your side)  
Just let me be the one that can make it alright  
(Let me be the one  
Let me be the one  
Let me be the one  
Alright)  
Anytime you need love baby you're in my heart  
(You're in my heart)  
I can make it alright
